

Baby Quilt

Kate's granddaughter is turning 1! To celebrate, she made this simple quilt that would be perfect for stroller or car seat. For a larger quilt, you could put 4 blocks together, 4 patch fashion. This would make a quilt approximately 55 inches square.

For the quilt shown at right, you will need:

1/2 yard Yellow

4—20 7/8 x 3 7/8 inch rectangles

2—7 3/4 inch squares

1/2 yard Green

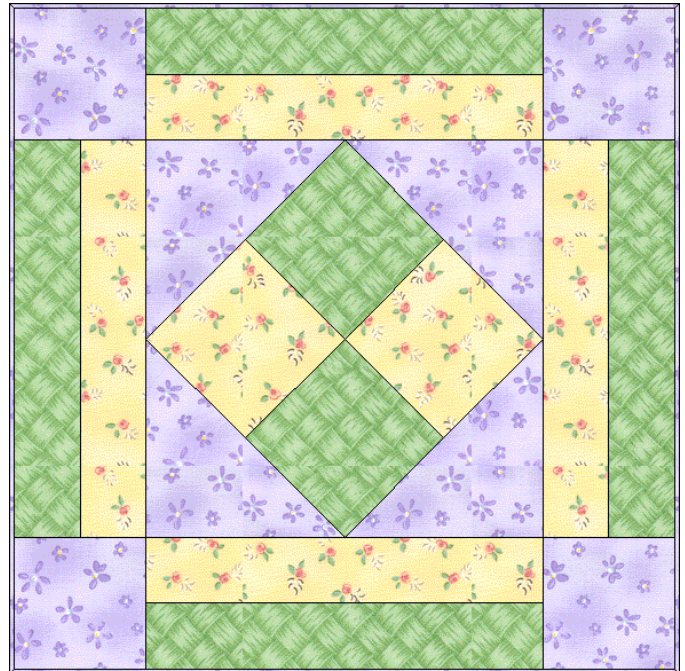

4—20 7/8 x 3 7/8 inch rectangles

2—7 3/4 inch squares

1/2 yard Purple

4—7 1/4 inch squares

2—11 inch squares, cut once on the diagonal

This quilt is super quick and easy, but take care with those setting triangles!
